

# NovaByte Solutions – Knowledge Base & FAQ

## About NovaByte Solutions

NovaByte Solutions is a technology service company dedicated to helping small and medium businesses grow using smart, reliable, and affordable digital tools. We focus on creating solutions that improve efficiency, enhance customer engagement, and support long-term business growth.

### Our Services

**Website Development:** We design and develop professional business websites, portfolios, and landing pages that are responsive, fast, and user-friendly.

**Mobile App Development:** We build Android and iOS applications tailored to business needs, ensuring performance, security, and smooth user experience.

**AI Customer Support Chatbots:** We provide AI-powered chatbot solutions for websites that automate customer queries, capture leads, and improve response time.

**Business Automation:** We help businesses automate workflows using CRM systems, reporting tools, and process automation to save time and reduce manual effort.
